Sir:

Will you kindly inform the Admiral that the Hon. Provincial Governor and the Superintendent of the Schools of Iloilo have kindly offered to the Navy party of eclipse observers the use of the building and grounds of the Iloilo Normal School, which is located about a kilometer away from the shore. The school will be vacated by the end of March. The American party will have the choice between the Philippine Railway grounds already offered and the present site of the Iloilo Normal School.

Sincerely yours,

MIGUEL SELGA
