Mr. H. T. Stetson  
Harvard University  
Cambridge, Mass., U. S. A.

Dear Dr. Stetson:

I wish to thank you most sincerely for your kind advice regarding the illuminometer. I hope you can arrange your plans in such a way as to be able to come to the Philippines to see the eclipse. Thus far the following parties have expressed the desire to come: Hamburg Observatory, Naval Observatory, Washington, D.C. Wellington Observatory, New Zealand; and a party from California. You can rest assured that your party will be most cordially welcomed.

Very respectfully,

MIGUEL SELGA  
Director, Weather Bureau.

Ms/jl
