

COMMONWEALTH OF THE PHILIPPINES
DEPARTMENT OF AGRICULTURE AND COMMERCE
WEATHER BUREAU
STATION AT Iloilo

Aug. 21, 1937

The Director,
Weather Bureau
Manila.

Rev. Father;

I have the honor to report that there occurred an earthquake here last night at 8:04 P.M. of my watch. It lasted for more than two minutes. Shock begun at 8:04 to 8-6-40. There was general alarm among us in the neighborhood, hanging objects swing freely, and the overturn of the glass of water on our table. The table itself was being rocked. I then claimed it to be intensity IV Rossi-Forel scale. The bulb of ordinary electric light hanging moves from West to east direction. As to the extent of the disturbance, one of the Driver of Alabes Bus Co. said he felt the shock while eating in a rest House in Daraga Albay.

So far there is casualties done by the phenomena.

Very respectfully,
Mariano Urbanes
