Bureau of Mines
Manila

ADDRESS REPLY TO:
DIRECTOR
BUREAU OF MINES
MANILA

September 13, 1939

Dear Father Selga:

This is to acknowledge the receipt of the papers which you handed to me personally on Sept. 12, 1939, consisting of the following:

1. A letter of the Provincial Governor of Leyte, dated September 8, 1939;
2. A report on the Volcano in Biliran, Leyte;
3. A copy of the letter of the Municipal Mayor of Caibiran, Leyte, to the Provincial Governor dated Sept. 6, 1939, and
4. A copy of a letter of Hon. Rufino Luna of the Dept. of the Interior, to the Director of Mines, dated Sept. 5, 1939.

According to these papers there is enough information regarding the Biliran Volcano for the information of this Office and I do not feel the need to send a geologist to examine the volcano for the present. If you think, however, that we should send a technical man for psychological effect, that is, to allay the fear of the inhabitants of Caibiran, please let us know and we will arrange to send one as soon as possible.

Very sincerely,

Quirico A. Abadilla
QUIRICO A. ABADILLA
(Director)

Rev. Fr. Miguel Selga
Director, Weather Bureau
