

April 3, 1929

Dr. R. L. Waterfield
Passenger on the Empress of Russia
c/o Office Canadian Pacific
Hongkong, China

Sir:

I have been longing for the letter I received this morning. By the time you will arrive at Manila, I will be in Iloilo. I will do my best to have the piers built as per your instructions. I would suggest that you wire me the steamer and day you expect to reach Iloilo. My address will be: "Colegio San Agustin, Iloilo." The Naval Observatory party has been there since the beginning of March.

Rev. Miguel Saderra Maso who is now in charge of the Observatory at Manila has been informed of your coming.

Hoping to see you and Mr. Lloyd soon, I remain,

Sincerely yours,

MIGUEL BELGA
Director, Weather Bureau.
