The Manila Times

THE PIONEER AMERICAN DAILY OF THE FAR EAST
AFTERNOON DAILY and SUNDAY MORNING

Manila, May 16, 1929.

Father Miguel Selga, S. J.,
Director, Weather Bureau,
Manila, P. I.

Dear Father Selga;

The Manila Times would be highly appreciative if you would be so kind as to write a special signed article on your observations of the eclipse. An article of about 1,000 words would be sufficient so as not to make the task too arduous. In addition to having the article appear in the Manila Times, I should take pleasure in sending it to the New York Times over your signature.

Sincerely yours,

Hamilton Johnson
Managing Editor.
