Dear Father Selga:

Because of much work during the first days of our stay in Lohse
I had no opportunity to thank you heartily for the very kind reception
and the generous help you and Father Oppermann gave us during our
staid days. We found here all things very well prepared by you and
all the people much interested in our work. We have after the inspection
of the different places the Sogd. Elementary School made our observing
place. We think that the Calvinist School in some respects may
even be a little more favorable because the schoolyard here is
absolutely empty whereas here in Sogd. there is only a rather
small ridge we can use with advantage. But we go a
few meters higher up with an uninterrupted view of the sea
