

COMMONWEALTH OF THE PHILIPPINES  
DEPARTMENT OF AGRICULTURE AND COMMERCE  
WEATHER BUREAU

-----  
Dact, Camarines Norte

August 21, 1937

The Director  
Weather Bureau  
Manila

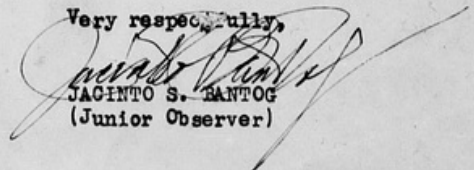

Dear Sir:

I have the honor to inform that a strong earthquake was felt here at Dact, Camarines Norte, August 20, 1937, at 8:00 o'clock in the evening with duration of two minutes. It was characterized by ROTATORY and the movement was clockwise or from left to right. The direction was from west to east with intensity six or FAIRLY STRONG SHOCK.

The effects and accompanying phenomena are: the displacement of objects; stopping of pendulum clock which swing from north to south and the noise produced was like a heavy wagon passing over cobblestones.

Another shock took place at 10:23 p.m., duration ten seconds, characterized by OSCILLATORY MOVEMENT, coming from west to east with intensity four or FEEBLE SHOCK.

Very respectfully,

  
JACINTO S. BANTOG  
(Junior Observer)
