WEATHER BUREAU

STATION AT ROMBLON

May 14, 1929

Director, Weather Bureau

Manila, P.I.

Sir:

I have the honor to report about the eclipse that occurred last May 9, 1929 at 3.15 to 3.40 in the afternoon.

Upon my observation with a smoked glass, I found out that about 96% of the sun had been covered by the moon. The sun was not entirely covered.

Weather condition here in Romblon was absolutely perfect.

Respectfully yours,

Cesar M. B. B. B.
