

Calamba: Strong, oscillatory, NE-SW, 40 seconds. Pantabangan: Vibratory, 10 seconds. Cavite: Oscillatory, W-E, 20 seconds." OR.

- 1892 July 23 and 29. Luzon. "Trinidad, Benguet. Two shocks, short, strong; alarm." OR.
- 1892 August 15. 6:50 a.m. Luzon. "Daet. Strong, oscillatory, NE-SW, 7 seconds." OR.
- 1892 August 27. Luzon. "Manila: 7:40:21 p.m., light, oscillatory, NW-SE; amplitude, 0° 6'; 5 seconds. "Tarlac: 11:41 p.m., oscillatory, E-W, light, 5 seconds. San Fernando, La Union: Oscillatory, N-S, light, 30 seconds." OR.
- 1892 August 29. Mindanao. "Zamboanga. Today, about 3:45 p.m., a very regular earthquake was felt here, small oscillations at first and moderate vibrations later, all accompanied by a subterranean noise like sharp detonations or successive knocks. Duration not more than five seconds. I was awakened by the rattling of doors and knobs. There was an aftershock about 11:00 p.m." DM, Sept. 13, 1892.
- Luzon. "Albay. 11:59 p.m. Moderate, vibratory, 30 seconds." OR.
- 1892 August 30. 12:10 a.m. Luzon. "Albay. Another shock of the same intensity and duration as the preceding." OR.
- 1892 September 1. 11:30 [a.m. or p.m. not specified]. Mindanao. "Zamboanga. Earthquake, E-W, short." OR.
- 1892 September 4. 10:15 p.m. Mindanao. "Dapitan. Light, oscillatory, E-W." OR.
- 1892 September 6. 4:30 a.m. Mindanao. "Dapitan. Light. E-W." OR.
- 1892 September 9. Luzon. "Benguet. 7:42 a.m., very violent, vibratory, SW-NE, one second; 2:17 p.m., same direction, duration, and force." OR.
- 1892 September 16. 4:00 a.m. Mindanao. "Kinoguitan, Misamis Oriental: Strong, moderate duration; two aftershocks in the morning, somewhat gentle. Dapitan: Light, oscillatory-vibratory, NNE-SSW." OR.
- 1892 September 18. Mindanao. "Dapitan: 8:25 a.m., light, oscillatory, N-S, then vibratory. Davao: 5:22 p.m., oscillatory, E-W." OR.
- 1892 September 22. 9:45 p.m. Sulu. "Jolo. Light, oscillatory." OR.
- 1892 October 5. 6:55 a.m. Luzon. "Lipa. Moderate, oscillatory, WSW-ENE, 4 seconds." OR.
- 1892 October 10. 3:00 p.m. Luzon. "Lipa. First vibratory, then oscillatory, WSW-ENE, moderate, 6 seconds." OR.
- 1892 October 21. 12:45 a.m. Mindanao. "Surigao. Strong, E-W, sudden, momentary." OR.
- 1892 November 2. 10:30 a.m. Mindanao. "Surigao. Moderate earthquake." OR.
- 1892 November 25. 5:47:25 a.m. Luzon. "Manila. Very light, oscillatory, NNW-SSE." OR.
- 1892 November 27. 9:07:58 p.m. Luzon. "Manila. Very light, oscillatory, NE-SW." OR.
- 1892 December 3. 5:31:10 p.m. Luzon. "Manila: Light, oscillatory, E-W; amplitude, 0° 10'; 20 seconds. San Fernando, La Union: Oscillatory, NW-SE, 7 seconds. Iba: Light, N-S, 20 seconds. Carig: Moderate, oscillatory, WNW-ESE, 8 seconds. Bayombong: Strong, oscillatory, N-S, 5 seconds. San Isidro: Moderate, oscillatory, NW-SE, 7 seconds. Tarlac: Light, oscillatory, N-S, short. Pantabangan: Light, oscillatory, E-W, short." OR.
- 1892 December 6. 5:50 a.m. Luzon. "Albay. Strong, oscillatory, SE-NW, 4 seconds." OR.
- 1892 December 13. 12:04 a.m. Luzon. "Paoag: Oscillatory, E-W, 10 seconds. Aparri: Moderate, vibratory, 15 seconds." OR.
- 1892 December 28. 4:29:54 a.m. Luzon. "Manila. Light, oscillatory, NW-SE, amplitude, 0° 4'." OR.
- 1893 January 3. 7:20 p.m. Mindanao. "Surigao. Short, vibratory." OR.
- 1893 January 9. Luzon. "Manila. 6:10:11 a.m., light, oscillatory, very short, NW-SE for 10 seconds, then N $\frac{1}{4}$ NE-S $\frac{1}{4}$ SW; amplitude, 0° 29'. At 8:22:09 a.m., light, oscillatory, NE-SW, amplitude, 0° 11'." OR.
